

REMARKS/ARGUMENTS

In the Final Rejection, the Examiner indicated that claims 15, 16, 19 and 20 were allowable if placed in independent form including all of the limitations of the base claim and any intervening claims. Claim 13 has been amended to include the limitations of claim 15 and intervening claim 14. Claim 17 has been amended to include the limitations of claim 19 and intervening claim 18. Accordingly, claims 13 and 17 represent claims 15 and 19 placed in independent form and it is submitted that these claims overcome the objection presented by the Examiner and are now in condition for allowance.

Claims 16 and 20 have been amended to overcome the objection by the Examiner concerning the lack of an antecedent basis for "said lower position".

The Examiner also objected to the Abstract and an appropriate amendment has been made to the Abstract to overcome this objection.

In this Amendment, the claims indicated as allowable have been amended to overcome the objections presented by the Examiner. The claims that were not indicated as being allowable have been cancelled. Further, amendments have been made to claims 16 and 20, and to the Abstract to overcome the objections presented by the Examiner. Accordingly, it is respectfully submitted that the application and claims are in condition for allowance and a favorable action is requested.
